- ☺ Spring, Winter & Summer Camp Programs

The City of Miramar contributes to our community by providing secure, supervised, learning and play through the Early Childhood Program.

The philosophy of the Early Childhood Program is based on the belief that a child care, preschool, after school or camp program should provide physical, social, emotional and intellectual activities which enable a child to have a positive learning experience. Teachers are carefully selected and screened to assure a quality experience for each child.

Our programs offer age appropriate activities and an anti-bias curriculum.
